

Covid-19 Protocol

H.O.M.E. Classes

HC Protocol

HC protocol concerning Covid-19.

While protocols are constantly evolving, some of the plans we are making involve temperature checks and symptom checking upon arrival for instructors and students. Anyone with a temperature will not be allowed to attend classes until fever free for 24 hours and will be required to bring a doctors note certifying that the they are no longer contagious.

We have procedures in place for individuals who may need to take greater care to stay home for a period of time, to continue with classes while they get well.

Students will not be required to wear masks. The decision concerning the wearing of masks will be left up to the individual parent concerning their own children. As for our teachers, they will not be required to wear masks unless required by the Governor.

All common touch points and surfaces will be sanitized throughout the day. Common touch points and surfaces include but are not limited to doorknobs, handles, tables, and chairs.

We will have and will encourage the use of hand sanitizer and the washing of hands regularly throughout the day.

Feel free to contact us with any concerns or questions.

Sincerely,

Dionne Mefford
